

Date 28th January 2010	 SCAA Seychelles Civil Aviation Authority SEYCHELLES INTERNATIONAL AIRPORT AIRSIDE NOTICE	SIA AN 02 / 2010 Permanent / Informative
INTENDED RECIPIENTS:	All Airside Users	
SUBJECT:	'Rules & Regulations for Airside Driving' handbook	

The Seychelles Civil Aviation Authority (SCAA) is pleased to inform that the First Edition of the hand book 'Rules and Regulations for Airside Driving' has been published.

This handbook interprets in simple terms the content of the Seychelles Civil Aviation Authority (Aerodrome) Orders 2010 which comes into effect 15th February 2010. All drivers operating on the airside will be expected to be fully conversant with its content. Courses and airside examinations carried out by the SCAA will also be based on the content of the book.

It is strongly recommended that non-driving personnel operating on the airside also familiarize themselves with the book as its content also extends to non-driving airside issues.

Feel free to make recommendations towards improvement of the book as preparations for the Second Edition has already started and is expected to be published in 2011.

A copy of the book will be provided to all participants of Airfield Driving Permit theory course and is inclusive in the course fees. It can also be purchased for R50.00 per copy. Should you wish to purchase a copy, please contact Mr Bertrand Lucas on address blucas@scaa.sc

Thank you

Colin Chang-Tave
AIRPORT MANAGER (Airside Operations)
