Issue: 2

Civil Aviation Directive:
Design, Operations and Certification of Aerodromes

GENERAL

Civil Aviation (Safety) Regulations, 2017, Part 23, empowers the Authority to issue civil aviation directives on the matters which are prescribed by regulations.

PURPOSE

Document CAD-ADR/61(1) contains the technical standards, rules, requirements, methods, specifications, characteristics and procedures which are applicable in respect of *Design, Operations and Certification of Aerodromes*.

APPLICABILITY

Civil Aviation (Safety) Regulations, 2017, Part 13, Regulation 61.

INCORPORATION OF TECHNICAL STANDARDS

Civil Aviation (Safety) Regulations, 2017 Regulation 110, empowers the Authority to prescribe conditions and technical standards relating to any national or international aviation standard.

“*Seychelles Technical Standards – Aerodromes*” (first issued on 04 November 2019), as amended, is incorporated into the technical standards contained in this document.

DIRECTIVE

It is hereby directed that the requirements for the design, operations and certification of aerodromes are those laid down in the *Seychelles Technical Standards – Aerodromes*, as amended.

COMMENCEMENT

This Directive shall come into force on 04 November 2019. CAD ADR/61(1) is hereby amended.
