

Date 21st October 2010	 SCAA <small>Seychelles Civil Aviation Authority</small> SEYCHELLES INTERNATIONAL AIRPORT AIRSIDE NOTICE	SIA AN 06 / 2010 Permanent / Informative
INTENDED RECIPIENTS:	All Airside Users	
SUBJECT:	Airside Control & Management Centre (ACMC)	

1. INTRODUCTION

This Airside Notice serves to inform all airside users of the first phase setting up of the Airside Control & Management Centre (ACMC) within the Airside Operations Section of the Airport Management Division of the Seychelles Civil Aviation Authority.

The centre which is presently at a temporary location on the airside of the International Passenger Terminal Building has been open since March of this year on a soft run basis.

It will commence official operations as of 1st December 2010.

2. BACKGROUND

With the increase of traffic, both in terms of volume and complexity, and with the coming into force of Seychelles Civil Aviation Authority (Aerodrome) Orders 2010, SCAA has found it necessary to increase its presence on the airside, and start assuming necessary airport operator's functions on the airside particularly apron management. The ACMC is being set up to gradually assume the necessary responsibilities.

3. RESPONSIBILITIES

At present the centre is mainly responsible for the following;

1. Enforcement of Airside rules and regulations
2. Airside Traffic Management
3. Wildlife management
4. FOD Management
5. Airside Projects and Infrastructure Management
6. Airside Operations and Handling oversight

Further communications will be made as the Centre assumes more responsibilities.

4. CONTACTS

Contact for the Airside Control & Management Centre (ACMC) is as follows:

TELEPHONE: 384281 / 521870

E – MAIL: acmc@scaa.sc

We look forward for the co-operation of all airside users in the smooth running of the Centre.

Colin Chang-Tave
AIRPORT MANAGER (AIRSIDE OPERATIONS)
SEYCHELLES CIVIL AVIATION AUTHORITY
